

## **Thesis bolsters Gatwick team**

By [Sara Smith](#) | 13:52:00 | 08 January 2009

Thesis Asset Management has added to its Gatwick team with the hire of Sean Cavanagh as investment manager.

Cavanagh, who has over 25 years' experience in investment management, joins from financial planning firm Andersen Charnley where he was responsible for the management of client portfolios invested on a multi-asset basis.

Prior to that he spent time at United Assurance Asset Management (now Royal London) Deutsche Bank and Thomas Miller managing portfolios of direct equities and managed funds.

Commenting on the hire managing director of Thesis, David Tyerman, said: 'We are delighted to welcome Sean to the Thesis team. He will be a great asset to the Gatwick office. As Thesis develops ever more links to financial planners, Sean's own experience within the IFA industry in his previous role will help Thesis meet the business needs of such advisers.'

Thesis is the largest solicitor-linked asset manager in the UK, first forming out of legal firm Thomas Eggar. Cavanagh's appointment brings the total number of client facing investment managers to 19 across five regional branches; Chichester, Brighton, Gatwick, Guildford and Lymington.
